Ms. Neelisha Yadav
Roll No 210A3010031
BML Munjal University

Dear Ms. Neelisha Yadav,

I have had the utmost pleasure of working with you during your period of Summer Internship with Tesla Power USA Inc.. I am grateful to you for choosing us as a space to do your internship. The start-up space is an extremely challenging one as compared to a well-established outfit with a few years into the business.

Your enthusiasm, effective work management and willingness to learn from tasks assigned has resulted in commendable conduct of tasks assigned to you. You have meticulously prepared job descriptions, screened resumes and CVs on a regular basis, thereby relieving the department of immense pressure where recruitment activity is concerned. You were an effective team member for conduct of placement opportunities at DTU and your contribution, working tirelessly without complaint is deeply appreciated. Your work in talent acquisition, updating of data into the Tespian Database, corrections and amendments to documents of communication and official letters right from making them to communicating it to the addressees is a skill you have practised and mastered to a great degree. A special mention needs to be made about your team spirit in making the AOP Conference a success, especially considering you had just commenced your internship with us that very week.

As much as possible, you have been able to make a place for yourself in managing HR operations to a great degree which we find usually in someone with 2 years of experience. This speaks for your hard work and dedication.

You have done commendable work in your project **SWOT Research on Tespian Dashboard as an Efficiency tool for Tesla Power USA** and I am sure the recommendation you have given, if implemented will greatly assist in making the Tespian platform a success. In a tough timeline and with a number of challenges thrown at you, you have proved yourself invaluable to the team.

I'd love to have you in my team any day as you are an invaluable asset to the department and the organisation. I personally endorse your work and thank you for deciding to choose mentorship with me and I hope you have several takeaways with you as much as I have.

I wish you the best for the rest of your MBA studies and will be happy to assist in any way I can to enable you in any way you wish for.

Thank you and good luck!
